

STRUGGLING WITH APHASIA AFTER A STROKE?

WONDERING HOW YOU CAN
TAKE ACTION FROM HOME?

LET US SEND REHAB TO YOU— JOIN OUR STUDY!

WHO: ASU's START Rehabilitation Lab

WHAT: *Study on how a new therapy called "START" helps people move and speak after a stroke.*

WHERE: From the comfort of your home over Zoom, Skype, or FaceTime!

WHEN: 2-3 hour sessions for 5 days, and a follow-up interview 1 month later

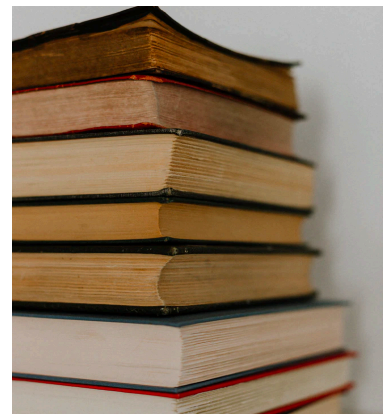

**PARTICIPANTS WILL BE
COMPENSATED \$150**

YOU MAY BE ELIGIBLE TO PARTICIPATE IF YOU:

- have difficulty saying single words and phrases after a stroke
- have been diagnosed with aphasia or apraxia
- are not pregnant
- are over 18 years old

****participation is voluntary****
